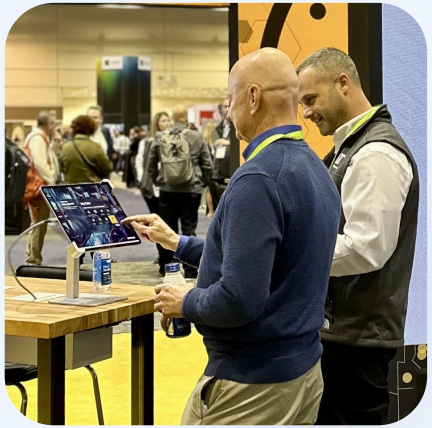
Overview:

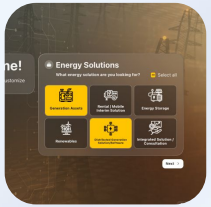
Momentify delivered a scalable, objective-driven engagement platform that captured qualified leads, showcased innovation, and positioned EPD as a solutions-focused industry leader.

Objective:

Empower EPD to attract, engage, and qualify more leads while elevating brand perception beyond traditional products.

- Reimagine EPD's trade show presence to better reflect its leadership in power generation
- Capture more qualified leads and make follow-up easier and more effective
- Position EPD as a solution-driven partner—not just a product provider





Solution:

Delivered a guided, objective-based visitor journey using Momentify's persona-driven templates and live engagement tools to capture, qualify, and route leads in real-time.

Results:

Increased qualified leads by 47%, improved follow-up alignment with visitor interests, elevated executive visibility into ROI, and positioned EPD as a customer-first, solution-focused brand.
